

Awards Selection Committee – 2004 AGM Report

Submitted by: Jim Wernham

Goal: to recognize the achievement so the athletes, coaches, officials, race directors and volunteers of the association over the year.

- The Awards Policy was updated with minor revisions. Changes to wording to clarify awards, youth award was removed now that its part of the KOS portfolio and long course award only requires 2 races.
- To improve the awareness of the nomination process and awards policy, a flyer was created that was available at a few of the last big races to promote the awards nomination process and highlighted on the website.
- Nominations for awards were due on September 15th, with the exception of the scholarship, which was due on August 31st. A number of nominations were submitted.
- The awards selection committee will be meeting shortly to review all the nominees and select a recipient for each award.
- Awards will be ordered for presentation at the Annual Awards Evening on October 30th.
- Need to continue to encourage the submission of nominations and increase awareness of the process so that more nominations are received.
